POSTED BY: WILLIAM STAVSKI MAY 3, 2017

Precision Aircraft Solutions has completed its sixth 757-200 passenger-to-freighter conversion for CargoJet, a scheduled cargo airline based in Ontario, Canada.

“Precision is pleased to be able to provide another 757-200PCF to the growing CargoJet fleet,” said Precision resident Gary Warner.

Work on the B757-200PCF aircraft, MSN 24605, was performed at Flightstar in Jacksonville, Florida.
